#### Notes:

- (1) Secured property is generally real property, defined as land, mines, minerals, timber and improvements such as buildings, structures, crops, trees and vines.
- (2) Unsecured property is generally personal property including machinery, equipment, office tools and supplies.
- (3) Unitary properties are railroads and utilities crossing the county and are assessed by the State Board of Equalization
- (4) Exempt properties include numerous full and partial exclusions/exemptions provided by the State Constitution and the legislature that relieve certain taxpayers from the burden of paying property taxes.
- Due to the 1978 passage of the property tax initiative Proposition 13 (Prop 13) the County does not track the estimated actual value of all County properties. Under Prop 13 property is assessed at the 1978 market value with an annual increase limited to the lesser of 2% or the CPI on properties not involved in a change of ownership or properties that did not undergo new construction. Newly acquired property is assessed at its new market value (usually the purchase price) and the value of any new construction is added to the existing base value of a parcel. As a result, similar properties can have substantially different assessed values based on the date purchase. Additionally, Prop 13 limits the property tax rate to 1% of assessed value plus the rate necessary to fund local voter-approved bonds and special assessments.
